

VOLUME 10 – ISSUE 1

JANUARY 2010

It's hard to believe the first month of the year is almost gone already. I am claiming 2010 as "The Year for Romance". I have 10 new books this year for you to enjoy, and several reissues that you might have missed the first time around.

This year I am celebrating my 15th year as an author and every month of this year I will give away a special gift to one of my readers. To qualify for January's gift, please send your full name and mailing address to – authorbrendajackson@gmail.com

Entries must be received before 12:01 AM on February 10, 2010. **ONLY ONE ENTRY PER PERSON PLEASE. DUPLICATES WILL BE DELETED.**

I received an email asking how a reader can identify a book as a new release or reissued book when it's given a new cover, and you can't recall from the story line if you've read the book before. A good rule of thumb is to find the info page in the front of the book. This page usually lists the publisher's name and the copyright info. The copyright will always provide the year the book was originally published. If the current year is not the one shown, then you know you're holding a reissued copy of a book. However, you will have to determine if you read the book the first time it was printed. I hope this information helps!

HAPPY BIRTHDAY!!

Happy birthday to all my readers whose birthdays are celebrated in January. May you have many, many, more!

Sheikh since I had received emails, cards and letters letting me know that many of you had not read Delaney and Jamal's story, which is Book 1 of the Westmoreland Series.
